

EUROPEAN ASSOCIATION FOR
THE EDUCATION OF ADULTS

EAEA nomination for Treasurer

EAEA nominates Per Paludan Hansen as treasurer, a position that he has already fulfilled over the last few years. First and Foremost, he has already done an excellent job, and we believe that it benefits ICAE to continue working with Per as he has gained all the knowledge and know-how about the specificities of ICAE's challenges and therefore can continue and even improve the work he does on behalf of ICAE.

Per has been active on Danish, European and international levels and there are probably few people with his experience and knowledge, and it is not only experience and knowledge that he brings to the position but also his dedication and commitment, his democratic working method and his deep commitment to adult learning and education.

Per will continue to support the fundraising strategy of ICAE, support the Secretary General in managing the finances and oversee the proper implementation of the work plan, especially as it relates to the available funds.

EAEA will give him any support and provide any resources that he needs in order to fulfil the tasks. We therefore believe that he is the best candidate for the position of treasurer and recommend and nominate him.
